## Ideal town

Communicative area: describing an ideal town

1. In groups of four make a list of your 7 favourite words from this unit. Exchange your lists with another group. Make up a story with all the words the other group has given you.
2. a) Read the boy's description of his dream-town and find four mistakes in the picture.

The town of my dreams is quite small but it is not far from a big city, so my family can go to the city at weekends to do some shopping or to see a performance at the theatre.

There are a lot of nice cottages in my town with lovely bright roofs and chimneys on them. There is no underground in our town and you can walk anywhere you need. There are no skyscrapers or other modern high-rise buildings there, the tallest buildings are the town hall and the bank. The most famous local sight is the ruins of the ancient castle. They are situated in a very picturesque place. It was built in the 12<sup>th</sup> century and ruined in the 13<sup>th</sup> century, but some of the ancient walls have survived.

There's a river running through my town. There are no factories in my dream-town and the air is very fresh. The streets are wide, that is why we have no problems with traffic jams. There are very few car parks as people mostly keep their cars in garages.

There are a lot of things to do and sights to see in our town. There's a cinema, a fitness centre and an exhibition centre as well as nice cafes by the river. It is lovely there with trees and flowers planted along the river bank. People from outside my town come here at weekends to enjoy boat trips and local food. You can see that our town is very convenient for living. Also, the people of my town are very hospitable and hard-working. My town is very attractive and worth visiting.

Welcome to the town of my dreams!
